### Department of Homeland Security Small Vessel Security Strategy

#### Presentation by the US Coast Guard Sector Baltimore

**NEW LOCATION! Blue Fins** 8247 Eastern Avenue Essex, MD 21224 410-282-5050

**Directions:** Exit 38B just off 695 To Eastern Ave.(Rt.150 towards Essex). Approximately half mile on your right, turn right at the Royal Farm store, then immediately left down to the water—if you go on the bridge, you will miss us!

Traditional maritime security efforts have primarily focused on large commercial vessels, their cargoes, and crew. Efforts to address the small vessel environment have largely been limited to traditional safety and law enforcement concerns. Small vessels are, however, readily vulnerable to potential exploitation by terrorist, smugglers of weapons of mass destruction, narcotics, aliens, and other contraband, and other criminals. Small vessels have also been successfully employed overseas by terrorists to deliver Waterborne Improvised Explosive Devices.

In November 2006, Secretary Chertoff directed that a dialogue be opened with the small vessel community. In response, a DHS National Small Vessel Security Summit was held in Arlington, Virginia in June 2007. A report of the stakeholders' input and the proceedings of the summit was published by DHS and released by the Secretary in January 2008. The most consistent recommendation from the summit was that DHS develop a strategy for the reduction of threats from small vessels within the maritime domain.

The overarching vision of the SVSS is founded upon the recommendations contained in the national summit report. It can be summarized as ensuring a secure maritime environment where small vessel operators are able to safely earn a living, travel, and recreate freely, without unduly burdensome government regulation and with the freedom to sail upon the navigable waters of the U.S.

With the SVSS, the Secretary has established four overarching goals. These goals focus the DHS component agencies toward education, communication and coordination. They are:

- Develop and leverage a strong partnership with the small vessel community, public and private sectors in order to enhance maritime domain awareness.
- Enhance maritime security and safety based on a coherent plan with a layered, innovative approach.
- Leverage technology to enhance the ability to detect, determine the intent, and when necessary, interdict small vessels.
- Enhance coordination, cooperation, and communication between federal, state, local and tribal partners and the private sector as well as international partners.

With the release of the SVSS, the Secretary has directed the DHS component agency working group to develop an SVSS implementation plan. The plan will incorporate the existing work of DHS component agencies, identify needed research, development and testing, and recommend actions for future efforts and put the strategy into action this year.

# COMMANDER

During the month of May, Dundalk Sail & Power Squadron has been quite busy. We started out with the D/5 Education Trailer, and Sea Vester at the Waterfront Festival at Wilson Point. The weather didn't want to cooperate, the rain was steady while we set up. Lt/C David Seidenman and his team prevailed to reach the public and welcomed a sunny afternoon at the end of the day. Way to go, David.

The following day, May 11<sup>th</sup>, a team of members provided an Honor Guard at Crescent Yacht Club. We enjoyed a nice cookout, and company from fellow boaters from many neighboring Yacht Clubs. Several were interested in continuing their education, and maybe join us on one or more of our cruises. It was a beautiful Mother's Day.

Our Safe Boating Weekend was a great success. This year we went to Baltimore Marine Center in Canton. Our booth was set up, along with a sign up sheet for VSC's.

P/C Connie Barry and her team of examiners were very busy. After a long day on the docks, we had a little pier party of our own. Once again, on Rat Ark, P/C Walter Neese was kind enough to host our "Preak-Fish" infield party. We had over 25 in attendance. There was plenty of great food, and a lot of fun for everyone.

And finally, our Membership Meeting, held on May 21<sup>st</sup>, at the new location, Blue Fins, was a great success. I was impressed with the service, and the food. I hope everyone else enjoyed their dining experience. The highlight of the meeting was swearing in 4 new members! Welcome friends! I hope you will join us on our upcoming cruises.

Speaking of upcoming cruises.... don't let time slip by, make your reservations now! See you out on the water!

Respectfully submitted,  
*Cdr Tracey C. Stuenes, P*

# EXECUTIVE OFFICER

This year's Baltimore County Waterfront Festival was a huge success for DSPS. We had the D/5 Education trailer and Sea Vester, and we were in quite possibly the best of all possible locations, near the entrance in the same parking area as the fire trucks. There was a steady stream of people all day long. While the weather wasn't perfect in the morning, and we had to keep Sea Vester in the trailer, the sun came out in the afternoon, and it turned into a gorgeous day. An enormous thank you to P/C John Hall, AP, for transporting the trailer on a rather last-minute basis. There were so many others who helped out, I can't take the space to thank you all, but a few members deserve special thanks: Tom Clark – a wonderful barker for Sea Vester, encouraging both children and adults alike to come and talk with our mascot; Jay and Shana Seidenman had a great time talking with the youngsters; and Stuart and Dianne Newborn, who didn't think they could make it, but showed up anyway to support the Squadron. Special thanks also to Commander Tracey Stuenes and Brian Hall, (and P/C John Hall) for their help with prepping and cleaning the trailer.

Our Safe Boating Weekend event at Baltimore Marine Center was also a hit. Although very windy, we kept our Vessel Examiners extremely busy with something on the order of 30 Vessel Safety Checks, and we didn't even need to hunt people down to get them. All day long, folks

were signing up for VSC's at the booth. A special thank you to the folks at BMC for hosting this important event. Kevin McGuire, Molly Polis and Kristee Thomas were very helpful and accommodating.

Coming up in July is the Dundalk Heritage Fair. The event will take place Friday, 4 July to Sunday, 6 July, with a parade on the 4<sup>th</sup> from 0830 to 1130. I am advised that we will have the D/5 trailer and Sea Vester for this event as well. Volunteers are needed. I'm sure you don't want to miss out on all the fun and excitement, so drop me a line and let me know that you'll help out.

Also in July, Dundalk hosts the District 5 Summer Rendezvous & Council at the Baltimore Inner Harbor Marine Center. Details are in the Horizon and the Mark 5. Make your reservations early.

As always, I'm available if anyone has a question, comment or complaint. Also, if anyone would like to volunteer to assist with an event, please let me know. I can be reached by email at [xo@uspsdundalk.org](mailto:xo@uspsdundalk.org) or by cell phone at 410-456-5854.

Respectfully submitted,

# EDUCATIONAL OFFICER

The Squadron Boating Course class at Anchorage Marina took their exam on 6 May and all present passed thanks to instructors Lt Joanne D. Day, SN, P/Lt/C Raymond M. Schiff, P, P/C Ken Finck, AP, and P/C Read Van Zile, AP.

June is upon us and the boating season is now in full swing, but your education department is still busy enrolling more classes.

On 5 June 2008, we will begin a four week America's Boating Course at the Anchorage Marina from 7:30 PM to 9:30 PM.

On 10 June 2008, a GPS Course will begin at the Anchorage Marina from 6:30 to 9:30 for three consecutive weeks.

Those of you who have already taken at least a basic course and are planning to go on any of the squadron cruises or rendezvous, can put into practice the skills you have already learned in those courses.

If you have the opportunity to be a part of a crew participating in the Navigation Contest, this is a great way to put your piloting skills to work. Even if you don't feel competent enough to actually be a part of the working crew, just observing the crew at work during the contest is a learning experience.

As you are boating this summer and using all those newly acquired skills, you may realize that there is still a lot more to learn. So start thinking about the next course you may want to take.

Don't forget about the two-hour seminars now available from USPS University: **Using VHF & VHF/DSC Marine Radio, Using GPS, How to Use a Chart, Onboard Weather Forecasting, Boat Handling under Power, Sail Trim and Rig Tuning, and Paddle Smart.** These seminars are open to the public, so get a group of your boating friends together from your marina or yacht club, and take one of the seminars. By taking the seminars you earn credits toward the soon to be released *Boat Operator Certification* program, and credit toward elective courses.

To get a class or seminar organized, please notify the Education Department at [seo@uspsdundalk.org](mailto:seo@uspsdundalk.org).

I hope to see one of you up for a class in the near future.

# TREASURER'S REPORT

At the end of May, approximately half of our members still had not paid their 2008-2009 dues. I sent out "**Second Notices**" to all those that have not renewed. I would like to remind those that have not paid, you have until 15 June 08 to remit your payment. On that date I must send in our count to National.

If for some reason you are not able to pay your dues at this time, please contact me and I will try and make arrange-

ments that will make it easier for you. Your participation in our Squadron has made us what we are today, and we value your membership. Please do not let your membership expire!

I may be contacted at 443-567-5692

GOVERNING BOARD MEETING

DETROIT MARRIOTT, RENAISSANCE CENTER

# **ADMINISTRATIVE OFFICER**

There were several activities that took place in May – if you missed out, there are still many to attend in the next several months

A Big Thank You to Connie Barry and her committee!! The Vessel Safety Check program held May 17<sup>th</sup> at the Baltimore Marine Center was a huge success! 6 Examiners checked about 30 boats, and they only took 30 minutes for lunch. Connie would like to see more of us be able to participate! You can take the vessel safety course online, and print the manual and the exam. The exam can be taken any number of times. When passed, take the results to Connie Barry.

May 26, at noon, Chairman Walter Neese got together members of the Dundalk Sail & Power Squadron to support the blessing of the fleet and flag raising at Anchorage Marina. Everything went off without a hitch. The sun and the weather were great. Refreshments were served after the ceremony. Members of the Squadron were P/C Walter Neese, P/C Lois Nehmer and her two off-springs Wendy & Josh, Lt. Earl & Catherine Tingstrom, P/C Sandra Davis, Mary Ellen Peters, Lt Bob Porak, and P/C Ken Finck. Baltimore Marine Police provided the boat for this function.

Bernie Karpers has signed up several new members – you will see their names listed in this issue. Welcome aboard!!

The General membership meeting was held at Blue Fins. From all reports, everybody thought this was a vast improvement. If you missed it, be sure to attend the next meeting on June 18<sup>th</sup> – same location. John Hall spoke extensively about the details of the summer cruises which have already been outlined in the Horizon.

There are several upcoming events - many of which you will see in this issue of the Horizon. I encourage all of you to take the time to participate in as many of these as possible! Come out and see your Squadron at work – and join in on the fun! One that I want to mention again is the Operations Training that is offered to all new members, new officers, and anyone else that is interested. If you want to know the "INS AND OUTS of the workings of USPS, be sure to sign up **ASAP!** This is a true learning experience with a lot of give and take. It is scheduled for Wednesday & Thursday, June 11<sup>th</sup> & 12<sup>th</sup> at the Luther Memorial Lutheran Church (5401 Eastern Ave., across from the Bay View Medical Center) at 7:30 pm.. Please contact P/C Brooks Riley at (410) 666-777 Ext. 213, or at [briley@valleymotors.com](mailto:briley@valleymotors.com) . There is **NO Fee** and **No Exam**.
